TRIP INFORMATION

Event Attended: Tank Care Specialist

Start Date: 10-08-18 End Date: 10-12-18

How did this event help you enhance your knowledge, skills, and abilities for your current position.

It helps me understand the nature of a railroad derailment. Additionally, we learn how to work with other departments to control and mitigate the incident in a safe and timely manner. Now I'm able to identify railroad cars and assist on controlling any type spill.

How did this even benefit the Urban Area?

This training will help the fire department with the development of safe strategies in case of a major railroad derailment. Establish the proper Incident Command structure in order to work with different departments at a local, state and federal level.
